## Associate in Arts

### A 10 10 0 Associate in Arts

The Associate in Arts Degree is designed to meet the two-year general college requirements of four-year colleges and universities. The curriculum is sufficiently broad-based to allow College of The Albemarle students, after two years of study, to transfer with junior-level status in almost any academic or pre-professional field ranging from traditional academic areas such as economics, education, psychology, and English to pre-professional areas such as medicine, law, criminal justice, pharmacy, and other business-related activities. This curriculum is also suited to students who prefer a broad education background without definite transfer plans. *All courses described below must have numbers of 110-199 or 210-299.*
