

## Professional Crafts: Jewelry

### A 30 34 0 Associate in Applied Science

(offered only at the Dare County Campus)

The Professional Crafts: Jewelry program curriculum is designed to prepare individuals for employment as professional jewelers or in jewelry related fields. Using traditional and contemporary concepts, instruction includes technical knowledge, design skills, and marketing and business essentials. Course work includes development of basic and advanced jewelry construction, polishing and finishing techniques, and work with a variety of materials to produce one-of-a-kind and production pieces. Study will include a jewelry studio and marketing procedures. Graduates will be able to open and operate their own jewelry studios or work for existing jewelers or metal smiths.
