

Gainful Employment Report

Effective July 2011, the United States Department of Education has required Title IV eligible institutions to disclose certain information regarding the gainful employment of students in selected programs. For College of The Albemarle, these programs include all certificate and diploma curriculum areas.

CERTIFICATES	NCCCS Code	SOC Code	Tuition & Fees¹	Books & Supplies¹	Median Loan Debt²	On-Time Completion³	Job Placement⁴
Basic Law Enforcement Training	C55120	251111	\$845	\$500	\$0	78%	56% employed, 6% continuing
Cosmetology	C55140	395012	\$845	\$500	\$0	79%	50% employed, 50% continuing
Medical Office Administration: Transcription	C25310M	319092	\$845	\$500	\$0	n/a	n/a

¹Based on the in-state costs for one semester (certificate) or two semesters (diploma).

²College of The Albemarle did not participate in the federal loan programs until 2011-12, therefore our students who complete a certificate or diploma have no federal loan debt upon graduation.

³On-Time Completion rates are based on program completers during the 2009-10 academic year. The “n/a” designation means there were no completers for that program during 2009-10.

⁴Job Placement data are based on survey results for program completers during the 2009-10 academic year. Results may be incomplete due to nonresponses. The Job Placement column provides the percent of completers reporting their employment, and also includes the percent of completers who are continuing their postsecondary education either at COA or another institution, regardless of their employment status.
