

Technical and Vocational Programs

A 15 10 0 Agribusiness Technology

CONCENTRATION OVERVIEW

The Agribusiness Technology curriculum prepares individuals to manage agricultural businesses and agriculturally related operations within diversified corporations. Potential course work includes instruction in agriculture, agricultural specialization, business management, accounting, finance, marketing, planning, human resources management, and other managerial responsibilities.

Upon completion of this concentration, graduates should qualify for a variety of jobs in agricultural businesses such as equipment, feed, and agricultural supply sales; store management; farm operations; wholesale and retail produce management; nursery operations; and environmental and agricultural education.

Student Learning Outcomes – Upon completion of the program, students will:

1. Prepare and analyze a farm budget.
2. Complete loan application procedures and explain basic laws affecting the agricultural industry.
3. Construct a marketing plan for an agricultural product.
4. Identify equipment parts and explain the basic principles of machinery operation and management.

Partnership: College of The Albemarle has articulation agreements with certain universities for students transferring into specific programs of study. College of The Albemarle's two-year degree program is designed for students to transfer to North Carolina State University's School of Agriculture and Life Sciences in Agriculture Business Management.

*This program offers a [Career and College Promise pathway \(CCP\) C15100H](#). Courses within the pathway are highlighted in yellow.
