Technical and Vocational Programs

A 45 36 0 Health Information Technology
(Level Three Instructional Service Agreement between Pitt Community College and College of The Albemarle)

CONCENTRATION OVERVIEW

The Health Information Technology curriculum provides individuals with the knowledge and skills to process, analyze, abstract, compile, maintain, manage, and report health information. Students will supervise departmental functions; classify, code and index diagnoses and procedures; coordinate information for cost control, quality management, statistics, marketing, and planning; monitor governmental and non- governmental standards; facilitate research; and design system controls to monitor patient information security. Graduates of this program may be eligible to write the national certification examination to become a Registered Health Information Technician (RHIT). Employment opportunities include hospitals, rehabilitation facilities, nursing homes, health insurance organizations, outpatient clinics, physicians' offices, hospice, and mental health facilities.

Partnership: Instructional Service Agreement between Pitt Community College and COA. Through this ISA agreement, students may earn General Education courses at COA for transfer to Pitt Community College's Health Information Technology program. The following General Education Courses are approved for transfer. Please see Pitt Community College for other program courses and admission requirements. http://www.pittcc.edu or contact Health Sciences Admissions at 252-493-7473 or hltscadm@email.pittcc.edu. The Pitt Community College Health Information Technology Program is accredited by the Commission on Accreditation for Health Informatics & Information Management Education (CAHIIM). 233. N. Michigan Ave, 21st Floor. Chicago, Ill 60601- 5800. Email: info@cahiim.org
