

## College Transfer Programs

### A 10 10 0 Associate in Arts

#### CONCENTRATION OVERVIEW

The Associate in Arts Degree is designed to meet the two-year general college requirements of four-year colleges and universities.

Upon completion of this concentration, graduates will be able to transfer with junior-level status in almost any academic or pre-professional field ranging from traditional academic areas such as economics, education, psychology, and English to pre-professional areas such as medicine, law, criminal justice, pharmacy, and other business-related activities. This curriculum is also suited to students who prefer a broad education background without definite transfer plans.

#### Student Learning Outcomes – Upon completion of the program, students will:

1. Prepare a deliverable designed to increase knowledge, foster understanding, or promote change in audiences' attitudes, values, beliefs, or behavior.
2. Apply appropriate strategies to identify materials, evaluate information, and reference relevant discipline materials to effectively address a topic.
3. Use mathematical skills to logically analyze and interpret mathematics in context.
4. Develop meaningful questions, gather and analyze evidence, and create evidence-based conclusions or solutions.

**Graduation Requirement:** At least 60 semester hours must be completed with at least a 2.0 ('C') grade point average on a 4.0 scale. Note: Courses with a grade of D will not transfer under the Comprehensive Articulation Agreement.

**Partnership:** College of The Albemarle has articulation agreements with certain universities for students transferring into specific programs of study. Students can complete the first two years of that specific baccalaureate degree at College of The Albemarle. Students should check with their advisor and the COA website for more information.
