

## Technical and Vocational Programs

# A 55 18 0 Criminal Justice Technology – Associate in Applied Science

### CONCENTRATION OVERVIEW

The Criminal Justice Technology curriculum is designed to provide knowledge of criminal justice systems and operations. Study will focus on local, state, and federal law enforcement, judicial processes, corrections, and security services. The criminal justice system's role within society will be explored. Emphasis is on criminal justice systems, criminology, juvenile justice, criminal and constitutional law, investigative principles, ethics, and community relations. Additional study may include issues and concepts of government, counseling, communications, computers, and technology.

Upon completion of this concentration, graduates will be able to qualify for employment opportunities in a variety of local, state, and federal law enforcement, corrections, and security fields. Examples include police officer, deputy sheriff, county detention officer, state trooper, intensive probation/parole surveillance officer, correctional officer, and loss prevention specialist.

### Student Learning Outcomes - Upon completion of the program, students will:

1. Determine the nature of a problem and decide on a legal and logical course of action.
2. Discuss the sources of law and identify, interpret, and apply the appropriate statutes/elements.
3. Apply ethical considerations to the decision-making process in identifiable criminal justice situations.
4. Explain theories, practices, and issues related to law enforcement operations.
5. Possess a broad understanding of government, the criminal justice process, and supporting agencies.
