

Technical and Vocational Programs

A 55 28 0 Associate in General Occupational Technology

CONCENTRATION OVERVIEW

The General Occupational Technology curriculum provides individuals with an opportunity to upgrade skills and to earn an associate degree by taking courses suited for individual occupational interests and/or needs. The curriculum content will be customized for students according to occupational interests and needs. A program of study for each student will be selected from any non- developmental level courses offered by the college.

Student Learning Outcomes – Upon completion of the program, students will:

1. Be more effective workers.
2. Be better qualified for advancements within their field of employment.
3. Become qualified for a wide range of entry-level employment opportunities.
