#### **College Transfer Programs**

# A 10 10 0 Associate in Arts

#### CONCENTRATION OVERVIEW

The Associate in Arts Degree is designed to meet the two-year general college requirements of four-year colleges and universities.

Upon completion of this concentration, graduates will be able to transfer with junior-level status in almost any academic or preprofessional field ranging from traditional academic areas such as economics, education, psychology, and English to preprofessional areas such as medicine, law, criminal justice, pharmacy, and other business-related activities. This curriculum is also suited to students who prefer a broad education background without definite transfer plans.

# Student Learning Outcomes – Upon completion of the program, students will:

- 1. Write effective documents that are unified, coherent, well developed, and which adhere to standard grammar and mechanics.
- 2. Deliver oral presentations that are unified, coherent, well developed, and which adhere to standard grammar. In addition, students will demonstrate proficiency in components of delivery which may include eye contact, posture/body language, volume, articulation, and use of time.
- 3. Demonstrate an understanding of basic computer terminology and file management. In addition, students will demonstrate working knowledge of applications which may include: email, web browser, word processor, spreadsheet, and presentation software.
- 4. Perform basic arithmetic and algebraic computations. In addition, students will apply these skills in problem solving and in the interpretation of quantitative data.
- 5. Locate, evaluate, and utilize information using a variety of print and electronic sources.

In compliance with state transfer articulation agreements, only courses with a grade of C or higher will fulfill degree requirements in this program.

**Partnership:** College of The Albemarle has articulation agreements with certain universities for students transferring into specific programs of study. Students can complete the first two years of that specific baccalaureate degree at College of The Albemarle. Students should check with their advisor and the COA website for more information. <u>www.albemarle.edu/student-resources/transfer-from-coa/</u>

\*This requirement is used to demonstrate computer literacy to meet institutional core competencies. Students may also demonstrate this proficiency via high school articulated credit, course substitution, or credit by exam (CBE). Students requesting CBE must provide substantial reason(s) why they are qualified to sit for the exam. If computer literacy proficiency is demonstrated in a manner which does not result in degree credit, 3 credit hours of General Education electives from the CAA list must be taken in place of CIS 110.

TOTAL SEMESTER HOURS		Varies	Varies	0	Varies	12-15
TOTAL DEGREE HOURS						60- 61*

\*Number of hours of elective coursework needed is based upon course choices made in the first-year mathematics course, in other general education hours, and in the health/wellness choice. Courses should be chosen based upon requirements for student's intended major at the receiving four-year institution. A student must have 60-61 credit hours to complete the degree.
