Business Administration-Associate in Applied Science A 25 12 0 AC General Business Administration – A.A.S. – ACCELERATED – Summer or Fall Entry

CONCENTRATION OVERVIEW

The Business Administration curriculum is designed to introduce students to various aspects of the free enterprise system. Students will be provided with a fundamental knowledge of business functions, processes, and an understanding of business organizations in today's global economy. Course work includes business concepts such as accounting, business law, economics, management, and marketing. Skills related to the application of these concepts are developed through the study of computer applications, communication, team building, and decision-making. Through these skills, students will have a sound business education base for lifelong learning.

Upon completion of this concentration, graduates are prepared for employment opportunities in government agencies, financial institutions, and various-sized businesses or industries.

Student Learning Outcomes – Upon completion of the program, students will:

1. Develop and use balance sheets and income statements to gauge the performance of an actual firm.
2. Work proficiently with the QuickBooks small business accounting system.
3. Complete a corporate analysis of actual firms and present the comparative findings.

Partnership:
