### A 45 36 0 Health Information Technology

*(Level Three Instructional Service Agreement between Pitt Community College and College of The Albemarle)*

#### CONCENTRATION OVERVIEW

The Health Information Technology curriculum provides individuals with the knowledge and skills to process, analyze, abstract, compile, maintain, manage, and report health information. Students will supervise departmental functions; classify, code and index diagnoses and procedures; coordinate information for cost control, quality management, statistics, marketing, and planning; monitor governmental and non-governmental standards; facilitate research; and design system controls to monitor patient information security. Graduates of this program may be eligible to write the national certification examination to become a Registered Health Information Technician (RHIT). Employment opportunities include hospitals, rehabilitation facilities, nursing homes, health insurance organizations, outpatient clinics, physicians' offices, hospice, and mental health facilities.

**Partnership:** Instructional Service Agreement between Pitt Community College and COA. *Through this ISA agreement, students may earn General Education courses at COA for transfer to Pitt Community College's Health Information Technology program.
