****I-20's will not be issues until the student applies to COA and all the documents listed above are received in their entirety. Once all the required documents are received and a student's application is complete COA will issue an I-20 within 1-2 weeks.***

- A note about the term "sponsor". The term sponsor is used in a number of different ways for international students studying at a North Carolina Community College. For the Form I-20, visa and change of status purposes sponsors can be family members, friends, etc. and are individual(s) who state they are willing to assist students financially to help them study in the United States. Bank statements or letters from a bank serve as evidence that the sponsor has the funds necessary to allow for the College to issue an I-20. These financial documents are required by USCIS/SEVIS in order to issue an I-20 (students can self-sponsor, meaning they pay for themselves).
- Once admitted to COA per North Carolina General Statute 115D-39, North Carolina non-profit entities are permitted to sponsor up to five individuals lawfully admitted to the U.S. and currently residing in North Carolina and attending a North Carolina Community College. The rule requires the N.C. non-profit entity to accept financial responsibility for the student's tuition at the in-state tuition rate and the student's other required educational fees. Students do not have to have a North Carolina Community College sponsor, students with a sponsor are granted access to the in-state tuition rates, students without a sponsor are responsible for the out of state tuition rate. **This sponsorship is not the same as the sponsorship required for a student to secure an F-1 visa/status. Please request a nonprofit sponsor FAQ sheet for more information on nonprofit sponsorship.**
