

# 2019-2020 Parent Income Information

Your dependent student's 2019-2020 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. The law says that before awarding Federal Student Aid, you may be asked to confirm the information you reported on their FAFSA. To verify that correct information was provided the financial aid administrator at their school will compare their FAFSA with the information on this worksheet and with any other required documents. If there are differences, their FAFSA information may need to be corrected. You must complete and sign this worksheet, attach any required documents, and submit the form and other required documents to the financial aid administrator at their school. Their school may ask for additional information. If you have questions about verification, contact the financial aid administrator as soon as possible so that their financial aid will not be delayed.
